

DIGESTIVE+++ is complete digestive health in a bottle. It's a daily supplement composed of safe and effective ingredients chosen specifically to promote digestive health so you get the most out of what you put in your body.\*

## THE INGREDIENTS IN DIGESTIVE+++

- Help the body absorb the nutrients from the food you consume
- Promote a healthy balance of good and bad bacteria
- Neutralize acid in the stomach
- Aid the entire digestive system to remain healthy and function well

DIGESTIVE+++ combines stable probiotics, a prebiotic blend and a comprehensive enzyme blend that promotes healthy intestines, helps with indigestion and enhances nutrient absorption. It comes in a softgel form for enhanced nutrient bioavailability and delivery\*.

## DIGESTIVE+++ ENDORSEMENTS

### Total Digestive Health

"I've been taking DIGESTIVE+++ since LifePharm launched it, and I'm so happy. My digestive system has been working so well and I'm not bloated. The way I eat has changed. I'm eating less and feeling better."  
- Shynar R., Kazakhstan

"I have been using this product off and on for a few months since it came out and can honestly say that it works well. My bowel movements are now like clockwork and I feel much better as a result. I highly recommend it for anyone."  
- Ron H., U.S.A.

"I was already taking Laminine. So when I learned that LifePharm had launched DIGESTIVE+++ , I immediately tried it. I was really happy because I believe in Laminine. I have been taking DIGESTIVE+++ before going to bed at night since it became available. The result is really amazing. My bowel movement is now regular and even twice a day, which I find really helpful to detoxify the body. I have never been constipated since I took DIGESTIVE+++ . I don't need suppositories to help me move my bowel. I still watch my diet and drink as much water as possible, but I'm so thankful to DIGESTIVE+++ . It's a blessing."  
- Maria L., U.S.A.

"Over the last six years, no matter how well I eat, I suffer from unimaginable cramps and discomfort, which makes me double over and nearly debilitates me. Doctors have prescribed various medications to no avail. Two years ago, I stopped taking all medications and began trying different probiotics and other supplements. Although I noticed a small decrease in episodes, I was still struggling every day. Then, about two months ago, I started taking the LifePharm DIGESTIVE+++ and have seen extraordinary improvement. Not only are my bowels regular, but I haven't experienced the cramping and discomfort in a month. I will continue purchasing this product."  
- Judy W., U.S.A.

"I have gluten sensitivity so I have to take digestive enzymes daily. I have been using DIGESTIVE+++ on and off, alternating with another digestive products in order to compare. What I have found is that with the other digestive enzyme products, I have to take about five at a time. With DIGESTIVE+++ , I only have to take one!"  
- Patricia B., U.S.A.

"I've taken two bottles of DIGESTIVE+++ so far, and my digestive system is like clockwork. But what really surprised me is that I lost a few pounds almost immediately! This product is really great not only for digestion, but to help with weight loss, too!"  
- Olga M., U.S.A.

## DIGESTIVE+++ ENDORSEMENTS

### Total Digestive Health

"My husband has suffered problems with digestion for many years, to the point that he had to undergo a surgical procedure. The effect of this surgery is that he can only eat very small quantities of food, and still suffered a great deal of digestive discomfort. Our daughter recommended DIGESTIVE+++ and he has been now taking it for about four months. We have been amazed at the results! After years of suffering severe discomfort for days at a time, he has not had any digestive trouble since his first week on this wonderful product! Thank you from the bottom of my heart."

- Robin H., *Australia*

"I have been taking DIGESTIVE+++ for a month now. I feel amazing. My bowel movement is now regular. I used to suffer from constipation but now it's gone, and I no longer feel bloated. This product really works! Thank you, LifePharm!"

- Annah H., *Philippines*

"My friend recommended DIGESTIVE+++ to me and I have to say it has worked so well that friends and family are amazed at the change it is making to my life. Three years ago I was taken into Intensive Care, and then in and out of the hospital practically every month with about 12 operations in total! I finally left in despair with them suggesting I go see a specialist as there was nothing more they could do for me. I lived my life with extreme incontinence, getting barely any sleep and was practically housebound! I was exhausted and only 47kg, my body was not absorbing properly and my organs were on the verge of failing. I took DIGESTIVE+++ just one a day as my body was so sensitive, and after just one week I was sleeping better, and after a few weeks I slept for six hours straight. I have been taking DIGESTIVE+++ for three months now and am really happy to say I am 54 kilos and my vitals are the best they have been in a long time! I can't thank you enough for this product, and I thank my friend every time I see her for introducing LifePharm to me. I think it just may have saved my life."

- PennyMay G., *United Kingdom*

"I've been using the DIGESTIVE+++ product for one month and I feel wonderful. After just seven days, my belly no longer feels swollen or uncomfortable. My bowel movements are regular and I feel as though my body is lighter. This is all thanks to the completely natural composition of DIGESTIVE+++ which has the best combination of a powerful probiotic, prebiotics and digestive enzymes."

- Violeta A., *Latvia*

## DIGESTIVE+++ ENDORSEMENTS

### Total Digestive Health

"I love this product! After many years of uncomfortable bloating and irregularity, I am feeling wonderful! I can truly say it has changed my life!"

- Diana V., U.S.A.

"I take the entire line of LifePharm products and really love it. Yesterday I got food poisoning from some bad quality products. I had severe vomiting, headaches and dizziness. I didn't take any medicine. The first thing I did was take two DIGESTIVE+++ and two Laminine and kept repeating the combination every three hours. After the second set, the vomiting stopped. In one day, I only took DIGESTIVE+++ and Laminine. In the morning, I woke up with a clear head, no discomfort and as if yesterday's scary day never happened. I love DIGESTIVE+++."

- Nadezhda K., U.S.A.

"I had terrible stomach discomfort for three months, and I could not eat anything without feeling ill. I started taking DIGESTIVE+++ and within a couple of days my stomach felt so much better. I now call them my little miracle capsules. I even feel like I am losing weight and I just started taking them two weeks ago."

- Gina H., U.S.A.

"I took one capsule of DIGESTIVE+++ for two months. The first thing I noticed was that my skin cleared up and felt fresh after just three days. Since starting on DIGESTIVE+++ my bowel movements are regular and I feel like my system is really working well."

- Yelena R., U.S.A.

"The older we get, the more important digestion and processing our food becomes. I have been using DIGESTIVE+++ for about a month, and I cannot remember having indigestion or any stomach discomfort. I have also noticed that I am processing my food better, as well as having more regular and enjoyable bowel movements. I am sold on Laminine products and whole-heartedly endorse this product."

- Blake H., U.S.A.
